

General Education Requirements

AR Tech requires a minimum of 61 hours of general education hours to enter the BSN completer program. AR Tech will accept all courses taken by BHSLR students through PTC. The nutrition course is transferred to AR Tech as part of the nursing curriculum requirements. This table is designed to be a general guide for students. AR Tech takes pride in evaluating each student's past education individually. Please contact [LaDonna Snider](#) if you have questions about transfer credit.
